THE CITY OF HONGKONG.

It is One of the Most Unhealthy Spots on the Globe.

In spite of all the precautions that have been taken, the perfect sanitation of the city, the fine natural drainage, the cleanliness of the streets, Hongkong is one of the most unhealthy spots on the globe. With its tropical heat the lofty peaks that half encircle it catch the clouds that the rapid evaporation creates, and they are squeezed like a sponge, the floods of rain pouring down in streaming torrents.

The houses lack light, although they are built as well as they could be, with perforated ceilings, through which the air circulates, admitted from openings pierced by the outer walls. The floors are brilliantly waxed, carpets, owing to the great dampness, being dispensed with. The great difficulty is to secure light and proper ventilation. The streets are very narrow, and the towering walls of buildings opposite obstruct the light in front, while at the rear the courts of terraces crowded with foliage cast a heavy shade from that direction. In the gardens, while plants flourish luxuriantly, there is no grass, but the ground is green with moss, just as it grows in damp, shady places in cooler climates. The heat and the great humidity are destructive to health, and it is doubtful if there is a single normal liver in the whole of Hongkong.

English women who come out with complexions of cream and roses grow thin and sallow. The Hongkong complexion is a startling grayish green, and the old resident has with this pallor dark bluish circles under the eyes. The least exertion includes exhausting perspiration, and people become gaunt and thin.—Boston Transcript.

THE HUB'S FINEST.

Stranger—I notice there are several policemen gathered at that corner and conversing in an excited manner. What is the trouble?

Bostonian—When I passed them just now, they were wrangling over the pronunciation of the word "intuition."

—Chicago Tribune.

FINANCIAL DIFFICULTIES.

"Pa, what is financial difficulty?" "Well, it is having so much money you don't know what to do with it or having so little money that you can't do a thing."—Detroit Free Press.

THE SIGN PAINTERS.

The question has been asked of sign painters hundreds of times, "Which letter of the alphabet do you consider the hardest or most difficult to make?" It is but natural to make the inquiry, for to the novice some particular letters are more perplexing than others. It is most generally conceded by some experts that the Roman capital letter "D" is the most difficult.

Others will say that an "S" is very hard to make and many strongly contend that the character "&" is the hardest and most difficult of any in the entire alphabet. Practically speaking, all of these letters are somewhat difficult and to the young beginner they are not easily mastered.

It has frequently been supposed that an artist of ability on account of his great talent in drawing would of course naturally make a good sign painter, but the experiment has been tried and given up with unsatisfactory results.

An artist may draw and paint a most beautiful picture, but when it comes to forming a perfect letter he is entirely out of the race. About 27 years ago there were five well known artists of this city who were also experts at lettering, they having learned and worked at this branch previously.—New York Times.

THOUGHT OF HIM.

Pa—Are you sure that you and mamma thought of me while you were away?

Grace—Yes. We heard a man kicking up a great row about his breakfast at the hotel, and mamma said, "That's just like papa."

A THOUSAND TONGUES.

Could not express the rapture of Annie E. Springer, 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help but she says of this Royal Cure—"it soon removed pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praise throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50¢ and \$1.00. Trial bottles free at S. J. Hodgkinson's Drug Store; every bottle guaranteed.

GIVE HIM A CALL.

W. J. Lynch, one of the best known tonsorial artists in the State, is now cozily ensconced in the Monarch shaving parlors. He will conduct this establishment in a manner that will please his patrons.

BEST IN THE WORLD.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough. Having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Wm. Pianiger.

DEMOCRATIC STATE CONVENTION.

PURSUANT TO RESOLUTIONS ADOPTED by the Democratic State Central Committee April 14th, 1900, a Democratic State Convention was called to meet at Virginia City on

Thursday, September 6, 1900.

At 1 o'clock P. M. for the purpose of nominating three Presidential Electors; three alternates; one Member of Congress; one Supreme Judge, and two Regents of the State University; under the standard of apportionment adopted by the State Central Committee, the different counties are entitled to delegates as follows:

Churchill	8
Storey	10
White Pine	10
Nye	4
Elko	16
Ormsby	9
Carson	1
Lincoln	15
Lander	8
Eureka	8
Humboldt	12
Esmeralda	6

By resolution:

Saturday, August 25, 1900,

Was designated for the holding of primaries, or otherwise selecting the delegates from the different counties. It was also ordered that wherever considered feasible and practicable, the election of delegates should be by primary. When not so considered by the Democratic County Central Committees, from time to time, it was ordered that the delegates be selected by the Democratic County Central Committees, and in such counties as have no Democratic Central Committees, the local members of the Democratic State Central Committee shall either call primaries or themselves select the delegates from their respective counties.

The test for voters at the primaries and for delegates is as follows:

"I favor the free and unlimited coinage of gold and silver at the ratio of 16 to 1, and I pledge myself to vote for the nominees of the Democratic State Convention." CHAS. GULLING, Chairman. JOHN H. DENNIS, Secretary.

STATE

Convention

HEADQUARTERS OF THE STATE CENTRAL COMMITTEE OF THE SILVER PARTY, RENO, NEVADA, JUNE 15, 1900.

AT A MEETING OF THE STATE CENTRAL COMMITTEE OF THE SILVER PARTY, held at Reno, Nevada, on April 12, 1900, the following resolution was adopted:

Resolved, That the communication of the Democratic State Central Committee in regard to fusion is not with favor by this body, and that a Committee be appointed to confer with a like committee from that body to arrange that both conventions meet at the same town and time, and that the final question of fusion be left with the conventions.

In compliance with the above resolution, the acting chairman of the State Central Committee appointed such committee, and in due time the following report was filed:

Reno, Nevada, April 14, 1900. To the Chairman and Secretary of the Silver Party State Central Committee—We, your Committee on Conference beg to report as follows:

We met a like committee from the State Central Committee of the Democratic party, and have agreed with the said Committee, that

the test for voters at the primaries and for delegates is as follows:

"I favor the free and unlimited coinage of gold and silver at the ratio of 16 to 1, and I pledge myself to vote for the nominees of the Democratic State Convention." CHAS. GULLING, Chairman. JOHN H. DENNIS, Secretary.

## INFLUENCES IN THE CAMPAIGN.

The people are speculating on the probable outcome of the presidential campaign, which is quite natural they should do so, when there is so much included in it respecting the fate of the country. Those who do not think, or are not informed upon the issues, or upon the consequences that will follow the election should McKinley be elected, will go to the polls in many instances and vote in a mechanical way, as they have done much of the time since they have arrived at the age to entitle them to vote.

There is one view perhaps that will give more hope to those who always think over the future in connection with its consequences than they have received for some time past, which is that there will be more thinkers and less mechanical voting in November next than there has been at any election in the last thirty years. Should it be that the writer reads the signs of the times correctly, there is no reason for a conclusion that there is more thinking by the people and less passion at present than is usual at the close of national contests.

The feeling manifested at Kansas City was not an indication of the real condition of feeling there is at this time among the masses. The enthusiasm and tears at the Democratic People's party convention, were more in indication of what may be done in feeling late in the campaign, when men have thought and considered, and the duty there is upon their respect for the future of the country. The will be no enthusiasm in the Republican ranks during the canvass, for the sufficient reason that the arguments presented to sustain the contention made by the party will be mechanical and cold-blooded in the extreme. The feeling will be more of a nature akin to a feeling that takes place among spectators at a public execution, when the executioner is performing his duty the law imposes upon him, and a black cap is the final period to the last effort of the orator in his scene.

There will not be anything connected with the canvass on the Republican side of the campaign to cause any feeling tending to inspire the mind in a way that will lead to philanthropic deeds, or that will give courage to toil and labor. There will not be an inspiration in the field of discussion to cause a sympathy to flow for the wrongs of the people, as there will be no hope given that will have any foundation in truth that the future has anything in store except oppression for the toiling millions upon the earth.

The goad taught will be the gospel of hate, accompanied by thongs to bind the limbs to drudgery for trusts, and to bind burdens to the back for monopolies. There will be a mailing in the threats of the traitors that will represent the power and intention of the owners of gold to overthrow the republic, while the imagination may traitorously picture in their minds the changing status of empire in the near future.

There is not an inspiration in any of these conditions or things that have been known to lead men to enthusiasm. It is not the intention of Democrats to retreat before gold or before the commercial ambition of trusts, or a mounted aristocracy, or to permit the republic to be sacrificed upon the alter of empire erected to Mammon and dedicated to Satan. The chains that now bind burdens to the backs of the poor will be broken and the fetters that bind the limbs of the toil worn sons of men to monopolies and trusts will be torn asunder and the people will be made free.

The republicans will be made secure from destruction and given to posterity unimpeded by greed of those whose god is money and who would encroach upon the earth and enslave mankind to get it. These themes will inspire orators to their best efforts and orators will inspire the people in the contention by Democrats for the right, for justice and for freedom to man. Love of country will be interwoven with love for the people and a fabric fitted to clothe the souls of men in justice and truth will appear before the astonished creatures of Mammon and a contention becomes earnest tears of gratitude will flow over the cheeks of the oppressed to the relief of those who love home and country.

The class who now govern this fair land would reverse nature were it in their power. They have succeeded in making a reversal in the last four years that is alarming, by placing the dollar above the man. It was not intended that Mammon should place the dollar

between man and his Creator and it will be among the chief efforts of Democrats to remove it from its present exalted place by giving to man his God given place. A work that has resulted in placing the dollar where the devout have to look through or over it when they worship is profanity without a limit if it is possible to make two. The end of such work is, as it should be, in the near future.

## HAPPENINGS OF NEVADA

## Pencilings and Clippings of Recent Events in the State.

Last week's receipts of the State land office were \$1,800.

Edward Todd of Tuscarora has been granted a pension of \$6.

The town of Fav, Lincoln county, is said to have a population of 500.

Five new buildings have gone up since the fire and several more are in preparation—DeLamar Lode.

Congressman Newlands arrived in Elko yes erday and addressed a ratification meeting there last evening.

The Tuscarora Times-Review says that the new brick hotel now being constructed at Elko is the finest in the State.

Maggie, the Pine Indian woman shot in the left arm by the late Jack Big Gun during his murder raid on local campgrounds June 11th, died at the county hospital last evening.—Virginia Report.

By the burning of Chris Diehl's building in Winnemucca Saturday, a cow and a horse were roasted alive and all of the contents of the building were destroyed. The loss is estimated at \$7,000.

The Southern Pacific Company has ordered from the east thirty-eight new locomotives and has almost doubled the capacity of its force of workmen in the various shops of the coast because of the great amount of work being done on the construction of new cars. Fifteen of the new locomotives will be large modern passenger engines.

## The Government Crop Report.

CAESAR CITY, July 10, 1900. Generally clear and moderately warm weather prevailed throughout the State during the past week. The weather conditions were all that could be desired for the growth of irrigated crops and the harvesting of hay and grain which is pretty general in all sections.

In the western part of the State, the growing crops are doing well. Corn is beginning to tassel, raspberries and new potatoes are in market; water melon vines are blooming; barley is being harvested, and is ripening rapidly and will soon be ready to eat, and the first crop of alfalfa has been cut and saved in fair condition. Water is falling rapidly, cut in most localities the supply ample for crop needs.

In the eastern counties garden and field crops are looking well. Harvesting well advanced in the southern part of the State.

## Experiments in Wheat Growing.

Yesterday at the State Agricultural Experiment Station winter wheat from a plot of one and a half acres was placed in stock. This is considerable in advance of the other grain in the valley.

The variety is Dawson's Golden Chaff, secured from the Canada Agricultural College, and is considered one of the best out of 133 varieties.

"The idea of the station," said Prof. McDowell, "is not only to test winter varieties of wheat for this climate, but, when found desirable, to distribute seed to farmers."

## Editor's Awful Plight.

F. M. Higgins, Editor Sevier, (Ore.), News, was afflicted for years with piles that no doctor or remedy helped until he tried Buckley's Arsenic Salve. He writes two boxes who by cured him.

It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by S. Holbrook our druggist.

## Hymen's Bond.

Byron J. G. of Steamboat Springs and Miss A. A. I. Deyou of this city were married last evening at the Methodist parsonage by Rev. G. H. Jones. Both of the young people are well known and have a large circle of acquaintances, all of whom offer congratulations.

## Removal.

Dr. Hamilton has removed from the Arcade hotel to rooms over Co-Op store, Virginia St. Tel. 184 block or 10 main.

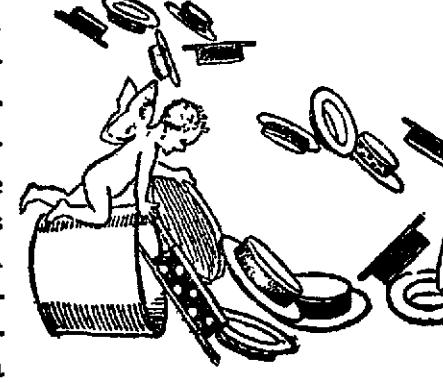

The J. R. Bradley Company has received another carload of Studebaker buggies, road wagons, phaetons and surreys.

## Fine Sport This Fall.

The Juniper and Cedar hills and the  
sagebrush valleys north of Reno will  
provide no end of sport for the nimrod  
this fall. Copious showers late in the  
season covered the country with fresh  
vegetation on which small game  
thrived.

Jack rabbits and cottontails have  
obeyed the divine precept to "increase  
and multiply the earth." Little long-  
eared, timid quadrupeds hop about in

## WHEELMEN MEETING

A Number of Matters Are Con-  
sidered By the Club  
Members.

The regular semi-monthly meeting  
of the Reno Wheelmen was held last  
evening. The usual bills were allowed.

A vote of thanks was tendered the  
relay team and Trainer Ryan for "the  
glorious manner in which they upheld  
the honor of Nevada."

A letter was read from Ed. Lachman,  
an old member of the club, who is now  
in Mexico. Ed. congratulated the  
team and club on the result of the race  
with Carson, and said that he hoped  
to soon return to Reno.

The motion was carried that the  
racing team be photographed in group,  
that their proper figures might grace  
the wall of the reading room.

A tribute of respect to the memory  
of the late member, John Danchy, was  
read.

A committee was appointed to pro-  
cure a case for display of the club's  
handsome trophies.

A letter was read from the secretary  
of the Carson club thinking the mem-  
bers and people of Reno for the  
courteous and fair treatment of the visitors  
at the time of the relay race with Carson.  
The letter stated that the capital  
city riders considered the Renoites  
their superiors in speed, but would not  
have challenged them on that account.

It was announced that the Agricultural  
Society had made a liberal offer  
for a race during fair week, but no  
definite arrangements have been made.

ginia City today.

The Owl Club met Tuesday evening  
and decided to hold a moonlight dance  
Monday night in Poor's grove.

An asay of \$1847 was obtained yester-  
day from a sampling assay of the  
Leopard ledge near Steamboat.

Lent B. T. Balmer of Virginia was  
among the officers who sailed from  
San Francisco last night for China.

In addition to the carload of low  
grade ore on the station platform, Mr.  
Wedgehill will send fifteen tons of his  
best rock to Selby's.

An Epworth League social was held  
last evening at the home of Mrs. Palmer  
on Mill street. There was a large  
attendance and an interesting program.

King Ryan is reported to be rapidly  
improving. Preparations for his bene-  
fit are progressing. Considerable  
local talent has already been secured  
for the performance.

Colonel H. B. Maxson has several  
surveying parties in the field in the  
eastern part of the State and does not  
expect to complete his labors for the  
year before snow flies. He is now in  
Reno, but will again join his working  
force in a few days.

Looks Like a Good Thing.

Some weeks ago the JOURNAL re-  
ported the discovery of a body of good  
looking ore near the post-house by  
Messrs. Laughton and Hopkins. The  
owners have been tracing up the de-  
posit by trenches and shafts.

They have arrived at the conclusion  
that they own a pretty good property.  
A shaft five and a half feet deep was  
sampled Tuesday, and six ounces of  
silver and a trace of gold was the  
assay.

Mining Prospects Around Reno  
Show Improvement With  
Greater Depth.

(Copyright, 1900, by W. T. Foster.)  
ST. JOSEPH, Mo., July 11.—My last  
bulletin gave a forecast of storm waves  
to cross the continent from 10th to  
14th and 16th to 20th; cool wave 15th  
to 19th; hot wave 9th to 13th.

The next feature will be a great fall  
in temperature crossing the west of  
Rockies 21st, great central valleys 23d,  
Eastern States 25th.

Storm wave will reach Pacific Coast  
about 23d, cross the west of Rockies  
by close of the 23d, great central val-  
leys 24th to 26th, Eastern States 27th.

A warm wave will cross the west of  
Rockies about the 25th, great central  
valleys 27th, Eastern States 29th.

Temperature of the week ending  
July 25 will average below normal east  
of the Rockies; above west. Rainfall  
will be generally below normal in the  
great central valleys, eastern States  
and eastern Canada; above in vicinity  
of the Rockies.

About date of this bulletin the longest  
hot term of July will have passed  
and the remainder of the month will  
average much cooler than first half  
east of Rockies. The reverse west.

July will not bring the last hot wave  
and drought of the summer and the  
showers that will follow the 18th will  
be misleading except for Texas and the  
southwest, which appear to be the most  
favored.

Before snow flies—well, we don't  
prophecy. We'll wait and record the  
news after it eventuates.

## Remarkable Cure of Rheumatism.

KENNA, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has had not a similar attack since.—A. B. PARSONS. For sale by Wm. Pinniger.

Harry Davis displays a magnificent collection of Indian baskets in the Model window. Some of the baskets are quite expensive, while others are within the reach of any pocketbook.

Ice cream freezers and refrigerators are being closed out by Ed. Schmitt regardless of cost, on account of being overstocked.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be means of saving other lives. For sale by Wm. Pinniger.

## Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in the most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at S. J. Hodgkinson's Drug Store.

Tablets, ruled or unruled for children, also the finest line of stationery in Reno to be had at Harry Davis' "The Model." A large assortment of pens, and penholders, pencils, chalk, colored crayon, slate and slate pencils of all kinds also a complete line of ink stand etc.
